

StarDream Cruises Announces Fuel Surcharge Relief Across Key Markets.

23 June 2026 (Singapore) – StarDream Cruises, home to **StarCruises** and **Dream Cruises**, today announced **fuel surcharge relief across its regional deployments**, reflecting ongoing reviews of operating conditions and its continued commitment to delivering value to guests sailing aboard ***Genting Dream, Star Navigator*** and ***Star Voyager***.

Guests sailing from Singapore and Malaysia deployments will enjoy a full waiver of the fuel surcharge, while guests sailing from Taiwan and Hong Kong deployments will benefit from a 50% reduction in the current fuel surcharge level. The updated fuel surcharge waiver and reduction apply to sailings departing on or after 26 June 2026.

The revised fuel surcharge structure takes into account the operating requirements of different deployments in the region and reflects the gradual improvement in fuel market conditions. StarDream Cruises remains committed to delivering excellent value and memorable cruise experiences across all its regional markets.

“As fuel prices have continued to stabilize, we are pleased to reduce and, where possible, fully waive the fuel surcharge across our deployments,” said **Michael Goh, President of StarDream Cruises**. *“We have always taken a transparent approach to fuel surcharges, introducing them only when necessary and reviewing them regularly. As operating conditions improve, we believe it is important to pass these benefits on to our guests.”*

StarDream Cruises will continue to monitor global fuel price movements and review its surcharge arrangements as appropriate.
